**Hutto Police Department to Begin Issuing Citations  
for Red Light Runners Using Photo Enforcement Cameras**

*Tickets to be issued as Warning Period ended November 15, 2008*

As of November 16, 2008, the City of Hutto Police Department began issuing citations for red light runners following the end of the warning period of intersections using photo enforcement cameras.

A red light running violation occurs when a driver enters an intersection after the traffic signal has turned red. If a driver is already in the intersection when the signal changes to red, that driver is not a red light violator.

The photo enforcement cameras are located at the following intersections:

- Eastbound Highway 79 and Exchange Boulevard
- Westbound Highway 79 and Exchange Boulevard
- Westbound Highway 79 and north FM 1660

401 West Front Street  
Hutto, Texas 78634  
Voice 512/759-4030 • Facsimile 512/846-2653  
[www.HuttoTx.gov](http://www.HuttoTx.gov)

The enforcement cameras will operate 24-hours a day and capture photographs and videos of any red light running violations. A notice, including pictures, will be mailed to the registered owner of the vehicle. Red light runners will receive a civil citation in the mail that will cost the registered owner of the vehicle \$75. The program is administered by American Traffic Solutions, Inc. (ATS) with each violation reviewed and approved by the Hutto Police Department prior to being issued.

For more information on the Hutto Red Light Camera Safety Program; visit [www.huttotx.gov](http://www.huttotx.gov)  
Drivers who receive a violation may log on to [www.ViolationInfo.com](http://www.ViolationInfo.com) to obtain information about how to pay the fine.
