**Hutto Police Department to Begin Issuing Citations
for Red Light Runners Using Photo Enforcement Cameras**

Tickets to be issued as Warning Period ended November 15, 2008

As of November 16, 2008, the City of Hutto Police Department began issuing citations for red light runners following the end of the warning period of intersections using photo enforcement cameras.

A red light running violation occurs when a driver enters an intersection after the traffic signal has turned red. If a driver is already in the intersection when the signal changes to red, that driver is not a red light violator.

The photo enforcement cameras are located at the following intersections:

- Eastbound Highway 79 and Exchange Boulevard
- Westbound Highway 79 and Exchange Boulevard
- Westbound Highway 79 and north FM 1660

401 West Front Street
Hutto, Texas 78634
Voice 512/759-4030 • Facsimile 512/846-2653
www.HuttoTx.gov

The enforcement cameras will operate 24-hours a day and capture photographs and videos of any red light running violations. A notice, including pictures, will be mailed to the registered owner of the vehicle. Red light runners will receive a civil citation in the mail that will cost the registered owner of the vehicle \$75. The program is administered by American Traffic Solutions, Inc. (ATS) with each violation reviewed and approved by the Hutto Police Department prior to being issued.

For more information on the Hutto Red Light Camera Safety Program; visit www.huttotx.gov
Drivers who receive a violation may log on to www.ViolationInfo.com to obtain information about how to pay the fine.

For information about the red light camera equipment or American Traffic Solutions, contact:
